NORTH

Congratulations are given to all members of the three grade teams on their fine performance in the opening series last week.

The senior team in particular was most impressive and perhaps the main reason for their fine display was that every player was playing for his team and that is what wins games.

Ron Tolmie, in his first senior game, gave a very fine display of lock forward play, his defence in particular being outstanding.

John Kell was in everything and played the best game of his career, his goal kicking effort, proving a match winner.

Terry Curtain was also impressive. His defence in the first half was of the highest, and wasn't he unlucky in not scoring after that glorious burst from half way.

The reserve team was perhaps lucky in making it a draw, but would have been unlucky to have been beaten. This team will develop into a really strong combination and become a real force in the competition.

Tom Doris as half was outstanding and his clever switching of play was a definite asset to his team.

Alf Warburton, as lock, went really well and with a little more experience is going to develop into a player of promise.

"Doc" Bland was another who played an extra good game. In fact, a repetition of this type of football will make him a serious contender for senior honours.

Well, lads, we face a tough hurdle to-day, but a win will make sure of good gates for the future, so be in it early and good luck and good scoring.

NORTH THIRD GRADE

Congratulations to Lakes third grade for giving our team such a hard first round game and we hope that they do the same next round. It was very good to see such players as our captain-coach, George Chant, and vice-captain, A. Pritchard, playing so well again this year. New players to our ranks this year are G. Kapeen and N. Scotman, who both played well on Sunday. Supporters last week were surprised to see the new "Curly" headed centre running so well, along with M. Morrissey and R. Henry. To-day we play West and all hopes are on a hard game after a solid week of training.
